As a Friend of the New Forest Centre you will be making a real difference to the life of the Forest and to the work of the New Forest Ninth Centenary Trust. Founded in 1979 to commemorate nine hundred years of the New Forest, the Trust successfully secured charitable status and set about fundraising to build a local museum. The Trust, whose Museum opened in 1988 has always had education at the heart of its mission and the continued work of our Trustees, Staff and Volunteers has helped to bring the Forest to life to countless residents and visitors alike.

As a Community Museum it is home to objects of great local significance and beauty, such as the New Forest Embroidery, as well as fascinating objects of folklore and social history such as Brusher Mills' snake catching tongs. As well as the Museum, the New Forest Gallery hosts an annual programme of temporary exhibitions and the Christopher Tower Reference Library holds the finest known collection of printed material relating to the New Forest on public access. Add to that the extensive schools provision and an ever expanding events programme and you will see how valuable an asset the Centre has become over the years.

The Centre has previously relied heavily on the generosity of Trusts and Foundations as well as the Heritage Lottery Fund, New Forest District Council, Hampshire County Council and more recently the National Park Authority for its very existence and growth. As government funds are ever more restricted, we are increasingly looking towards our grass root supporters to ensure the continued development of this important facility and resource.

We hope that you will want to join our Friends of the New Forest Centre. Your support is both vital and highly valued.
